## Celebration of Light

Sat., Dec. 21 from 4-6p

Each year, as the days become shorter and the nights longer, people throughout the world gather together to celebrate the wonder of light. One such way is with the Spiral of Lights—a contemplative and nature-based experience during this time of year. Evergreen boughs are laid out in a large spiral, the room is darkened, music is played, and in the center of the spiral a large candle is lit. One by one, each participant carries an unlit candle to the center of the spiral, where they light their candle.
